

Are you interested in graphic design?

As a **Graphic Designer (Intern)**, the main challenge is balancing creativity with practicality, ensuring that designs are visually appealing and understandable to the audience.

We are looking for an intern to support the Commercial team in the following tasks:

- Development of digital and printed promotion materials (flyers, banners, posters, rollups, SoMe graphics, etc.)
- Maintenance of corporate identity (PowerPoint templates, logo, business cards, etc.)
- Assurance that all designs are aligned with our brand guidelines and reflect our company's identity and values.
- Close work with commercial and technical teams to brainstorm and execute creative ideas.
- Staying updated on design and industry trends to ensure fresh and modern content.

About you:

- You have a "problem solver" mindset.
- You enjoy being surrounded by many different cultures and nationalities.
- You are fluent in English; other languages are a plus.
- You are willing to stay with us for a minimum of 12 weeks.
- You would like to work physically in Aalborg.
- You are proficient in graphic design tools and software (AI, Photoshop, InDesign, Canva).
- You have strong attention to detail and creative thinking.
- You can work independently and collaboratively.
- You are pursuing or have completed a degree in Graphic Design or a related field.

What we offer:

- A seat in our great office.
- Direct contact with all departments so you can learn a bit about everything.
- Knowledge about satellite technology and the maritime industry.
- You will get the chance to be independent and run your own activities.
- Flexibility.
- If you have a job, we can offer alternative working hours.
- Nice environment with international people in high spirits.

Who are we, and what do we do?

We are the first Danish satellite operator. We want the oceans to be a safer and greener place, and we do that by fulfilling the needs of communication in the maritime sector.

Does it sound interesting?
